FEATURES

The Custom Crossmember Brackets are sold only in Pairs and were designed to allow customers to make a Crossmember at a custom length by pairing a 3×3 tube with and custom crossmember bracket. The slotted bracket allows customers to create a custom length crossmember to connect different brand 1" hole 3×3" racks or our ATR units to other brand racks. Each Bracket comes with the Hardware shown in the rendering. The price shown is for 2 brackets and bolt assemblies.
