

LED Uprights

LED Uprights bring your rack system to life with integrated lighting that creates a premium training environment. Compatible with both Alpha and Pro Rack systems, each kit includes four LED strips to illuminate a single rack and is available in Gold, Blue, Green, Purple, or Red. The included driver box plugs into a standard wall outlet, making installation clean and straightforward while adding a unique visual element to any facility. Minimum Order Quantity is for 5 Racks.
