The Movable iPad Mount makes it easy to integrate technology into your training space. It attaches securely to any 1" hole rack with machined plastic nubs and a strong neodymium magnet for quick adjustments. Built from aircraft-grade aluminum and machined acetal plastic, it's durable and designed for high-use environments. Handles on all sides allow for easy movement without touching the screen, and it's compatible with iPad 11" Generation 10 or 11 only.

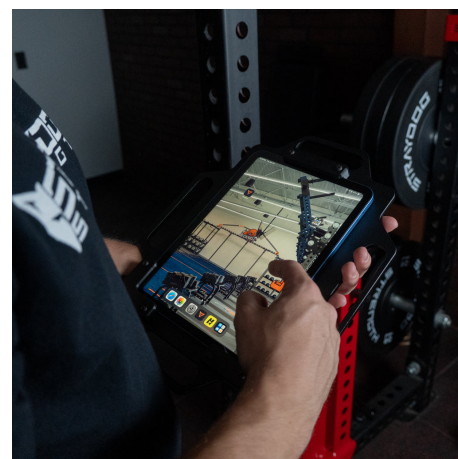

FEATURES

Fits 11" iPad Model 10 and 11 Only

Magnet and 1" Nubs
