Our Top Beam Connector uses a 6", 7" or 8" 3x3" tube with 1" holes all over to add Pull Up Bars, Attachments or Logo Toppers to display logos. In quantities of 5 or less, they can only be ordered in black. The Top Beam Connector can connect two 1" hole racks, even if they are from two different brands, as the bracket has a slotted hole. These can be done at custom lengths by buying a 3x3" tube and two Top Beam Connector Brackets.
