

Utility Loop

SPECS

Material Tubing	1" Solid Steel Tube
Height	1"
Width	9"
Depth	15"
Weight	8 LBS
Foot Print	1" x 9" x 15"
Made In Usa	Yes

The Utility Loop, sold individually, is a versatile attachment enabling various bodyweight exercises and also serves as storage for Med balls, ropes, and other equipment. They do not fit Metric or Imported "1 Inch" holes as these are smaller than 1" and the Loops have tight tolerance. Each Utility Loop can be utilized as a Lever arm handle, or attached to any 3×3 tubing with 1" holes, serving as a handle or storage unit. They are so strong you can add them to the outside of the Spotter Arms as Pull Blocks.

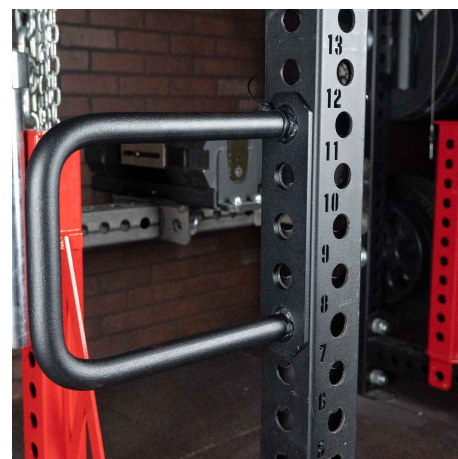

FEATURES

Ball Storage

Attach To spotter arms

Solid 1" Steel Tube
