ATR Frames are designed as storage/attachment stations that integrate with other ATR Sides or racks as they are not standalone units. ATR Frames are essentially one side of a half rack, two 96" Numbered uprights and two 30" crossmembers with guide rod hole patterns to add cable machines. Pre-Configured ATR #5 is comprised of two ATR Frames connected with 72" trays and crossmembers.

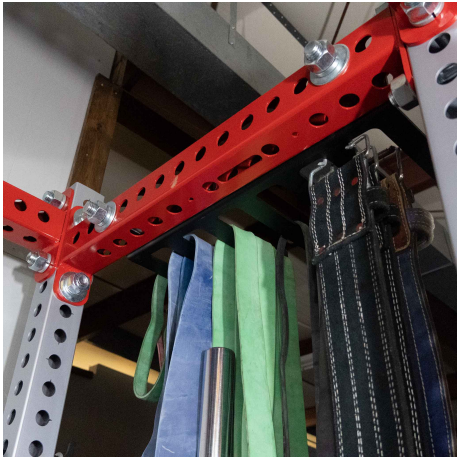

## FEATURES

Built in Bolt Down Tabs

Numbered Uprights

Guide Rod hole pattern
