

Charging Tower

The Stray Dog Strength® Charging Tower is a mobile, high-capacity solution that stores/charges up to 10 iPads from a single outlet using our iPad Mounts. Built with locking casters and designed to pair with our movable iPad mounts, it features a USB hub compliant with Charging Spec 1.2, delivering up to 2.4A (DCP) or 1.5A (CDP) per port for fast, reliable charging. Cut cable clutter and reduce fire hazards with this efficient facility upgrade.

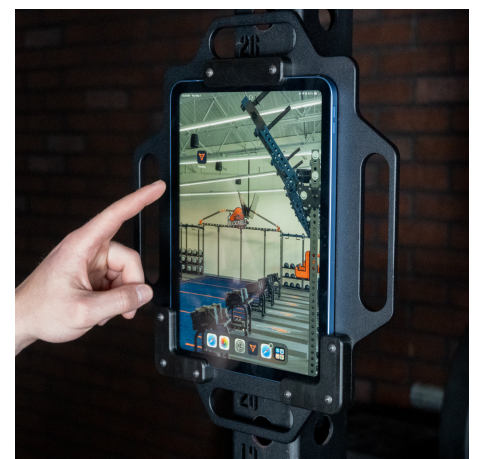

FEATURES

Store 10 iPad Mounts

Portable Unit

Charge 10 iPads with 1 Cord
