Foot Print	100"x 78" x 36"
Made In Usa	Yes

The ATR functional trainer was created using two ATR cable columns connected by 43" or 72" crossmembers which can have our multi-grip chin-up bar added to it to create a chin-up station. When connected at 43" the Functional Trainer functions the same as a half rack when bar cups are added. Storage trays can be added to the back of these to maximize space.

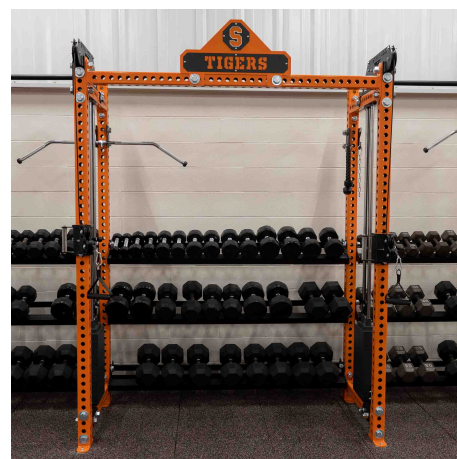

FEATURES

Pull Pin Adjustment

Stainless Steel Knurled Handle

Add Storage Trays
