The Rack Mounted Clipboard provides a durable, rack-mounted solution for pen-and-paper programming. It secures to any 1" hole rack with machined plastic nubs and a neodymium magnet for easy adjustments while staying locked in place. Made from 1" aircraft-grade aluminum and machined acetal plastic, it holds 50 sheets of 8.5" x 11" paper, features dual side handles, and includes integrated pen storage for any click-button pen with a clasp.

FEATURES

Magnet and 1" Nubs

Comes with Pen and Holder

Holds 50 8.5" x 11" Sheets of Paper
