Made In Usa	Yes

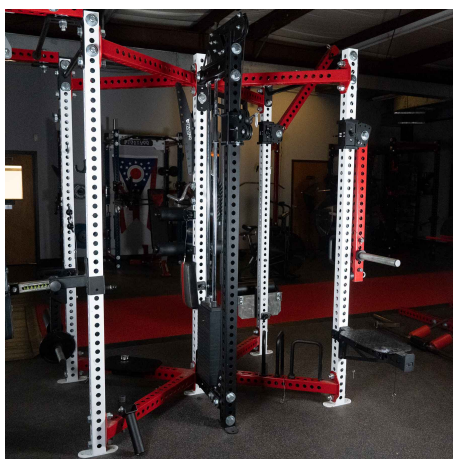

The Wall Mounted Cable Column is the same thing as the Rack Mounted Cable Column with one main difference, it uses slotted 20" crossmembers that allow them to be added to any brand 1" hole rack with 3x3" tubing. The slotted crossmember is 20" making the total footprint of the unit 23" x 3" but it must be secured to a wall or rack it is not a stand alone unit.

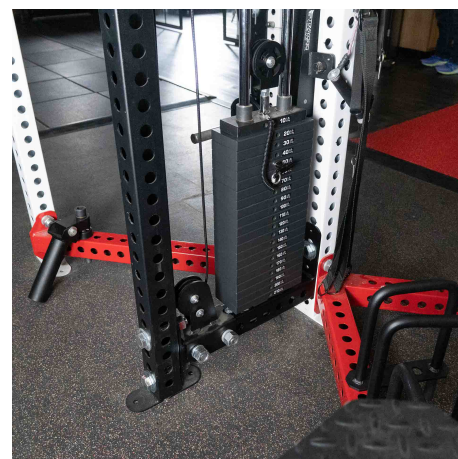

## FEATURES

Slotted Crossmember

Mount to Rack Or Wall

250 or 300 LBS Stacks
